

CLAT Express - July 2026: Answer Key

Multiple-choice passages

The 123 deal: MCQ check

1	D. 30 years	The booklet states the agreement was signed for 30 years.
2	D. US Energy Secretary Chris Wright	The booklet names US Energy Secretary Chris Wright as the US signatory.
3	B. Both A and R are true but R is not the correct explanation of A	Both statements appear in the booklet, but the Protocol's powers do not explain why Saudi Arabia is not required to adopt it.
4	D. I-D, II-C, III-A, IV-B	Each driver in List I matches its description in List II, giving I-A, II-B, III-C, IV-D.
5	C. I and III only	Statement II is wrong because the new deal drops the Israel normalisation condition and allows flexibility for domestic enrichment.
6	B. Only two	Statements I and IV are correct, while II is wrong because the Additional Protocol is not mandatory and III is wrong because the project launched in 2017.
7	D. Normalising relations with Israel	The booklet states that the New Deal drops the Israel normalisation condition.
8	D. Israel	The booklet describes Israel as the only nation in the Middle East with nuclear weapons.

PM's Indonesia Visit: MCQ Set

1	A. Bintang Republik Indonesia Adipurna (Star of Republic of Indonesia)	The booklet names the honour as Bintang Republik Indonesia Adipurna (Star of Republic of Indonesia).
2	D. 35th	The booklet says the Prime Minister was conferred the 35th Bintang Republik Indonesia Adipurna.
3	B. Only two	Statements I and III are stated in the booklet, while Statement II is false because the booklet calls the Prime Minister the 2nd Indian PM after Nehru.
4	A. Disaster Management Agency	The booklet says the NDMA signed an MoU with Indonesia's Disaster Management Agency to enhance preparedness and response.
5	C. I and III only	Statement II is false because the booklet calls Prambanan the 2nd largest in Southeast Asia, after Angkor Wat.
6	B. I-B, II-C, III-D, IV-A	The booklet gives the BrahMos contract as around USD 200 million, SAIL's slab facility, 100 tonnes of seeds, and Sabang Port near the Strait of Malacca.
7	D. 2025	The booklet says Prabowo Subianto was invited as Chief Guest for India's Republic Day in 2025.

Removal Conditions Check

1	D. 30 days	The Bill's key provisions say a Union Minister arrested and detained for 30 consecutive days for an offence punishable with five or more years may be removed.
2	A. The Minister automatically ceases to hold office on the 31st day	If no advice is provided, the Minister automatically ceases to hold office on the 31st day.
3	D. J&K Reorganisation Act, 2019	Jammu & Kashmir ministers are covered under the J&K Reorganisation Act, 2019, with the Lieutenant Governor as removal authority.

4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the automatic cessation on the 31st day is a separate rule and does not explain reappointment after release.
5	C. I-C, II-D, III-B, IV-A	Article 75 covers Union Ministers, Article 164 covers State Ministers and Chief Ministers, Article 239AA covers Delhi, and the 1963 Act covers Union Territory Ministers.
6	A. I and III only	Chief Ministers are removed by the Governor, not the President, so only statements I and III are correct.
7	B. Only two	State Ministers are removed by the Governor, not the Election Commission, so statements I and II are the two correct ones.
8	D. Lieutenant Governor	The Bill applies the same rule to Delhi's Chief Minister and Ministers under Article 239AA, with the Lieutenant Governor as removal authority.

Ladakh and the AHDC expansion

1	D. 7	The booklet states that AHDCs will be constituted in all 7 districts of Ladakh.
2	A. 31 October 2019	The booklet notes that Ladakh has been administered by the Government of India as a UT since 31 October 2019.
3	A. Leh and Kargil	The booklet says elected councils existed only in Leh and Kargil before the expansion.
4	D. A is false but R is true	The booklet says AHDCs have no judicial authority, so the claim that they can set up courts is false.
5	B. I-D, II-A, III-B, IV-C	Maryul is the traditional name, 85 per cent is the reservation cap, Section 3(1) covers council set-up and Part XXI holds Articles 371 to 371J.
6	C. I and III only	AHDCs can levy taxes and exercise land allotment authority, but Village Courts under customary tribal laws are a power of 6th Schedule councils.
7	B. Only two	Statements I and III match the booklet, while II is wrong because elected councils existed only in Leh and Kargil.
8	A. Articles 244(2) and 275(1)	The booklet states that 6th Schedule councils have constitutional status under Articles 244(2) and 275(1).

Delhi EV Policy 2.0 Overview Quiz

1	A. Delhi Transport Department	The booklet names the Delhi Transport Department as responsible for financial support and investment implementation.
2	B. Both A and R are true but R does not explain A	Both statements are in the booklet, but the restriction of support to battery electric vehicles does not explain the 30% fleet target.
3	D. I-D, II-C, III-B, IV-A	I matches C (1 January 2027), II matches A (1 April 2028), III matches B (10%) and IV matches D (30% by 2030).
4	A. I and III only	Statement I and III are in the booklet, while statement II is false because support is restricted to battery electric vehicles.
5	D. 2 years	Schools must convert at least 10% of their bus fleet into electric buses within 2 years of the policy's implementation.
6	B. Only two	Statements 1 and 3 are correct, while statement 2 is false because support is restricted to battery electric vehicles.
7	A. Reduce upfront EV cost	One key objective of PM E-DRIVE is to reduce the upfront cost of EVs.
8	A. Ministry of Heavy Industries	The booklet lists the Ministry of Heavy Industries as the nodal ministry for PM E-DRIVE.

ISA quick check

1	D. Gurugram	The ISA headquarters is in Gurugram, at the National Institute for Solar Energy of India.
2	A. UN General Assembly	The UN General Assembly granted observer status to the ISA in 2021.
3	D. A is false but R is true	Non-tropical countries can join the ISA, so A is false, while R is true after the 2020 Amendment.
4	B. I-D, II-A, III-B, IV-C	The ISA was launched in 2015, aims to mobilise USD 1 trillion by 2030, got observer status in 2021, and targets 1,000 GW of solar capacity.
5	A. I and III only	Statement II is wrong because non-tropical countries can join the ISA but are excluded from voting rights.
6	B. Only two	Statements I and II are correct, while the headquarters is in Gurugram, not Ahmedabad.
7	C. France	The ISA was launched jointly by India and France in 2015 during COP21 in Paris.
8	D. 2018	India first proposed the OSOWOG concept in 2018 during the ISA's Inaugural Assembly.

AAY Amendment Recall

1	C. Section 3(1)	The amendment seeks to modify Section 3(1) of the NFSA relating to AAY foodgrain entitlement.
2	A. 7 kg	The proposal gives every individual in an AAY household 7 kg per month, subject to a household maximum of 35 kg.
3	D. 35 kg	The proposal keeps a maximum of 35 kg per household per month, while each individual receives 7 kg.
4	C. I-C, II-D, III-A, IV-B	The proposal gives 7 kg per individual (I-A), the household ceiling is 35 kg (II-B), PHH get 5 kg per person (III-C), and PMGKAY was launched in 2020 (IV-D).
5	D. Only three	Statements I, III and IV are correct, while II is wrong because the proposed ceiling is 35 kg per household.
6	A. 35 kg	Every AAY household currently receives 35 kg per month irrespective of family size, which the proposal would replace with a per-individual rate.

Tariffs, market access and trade deal terms

1	C. 90%	The booklet says India plans to cut duties on 90% of tariff lines, with 85% becoming tariff-free in 10 years.
2	A. 99%	The booklet says the FTA grants zero-duty access for 99% of Indian exports.
3	B. I-B, II-D, III-A, IV-C	Auto tariffs go to 10% under the quota, whisky and gin reach 40% by year 10, visas number 100, and bilateral trade is USD 56.8 billion.
4	C. I and III only	Statements I and III are correct, while the auto import tariff under the quota is 10%, not 25%.
5	B. Only two	Statements I and III are correct, while current bilateral trade is USD 56.8 billion, not USD 44.2 billion.
6	D. 2030	The booklet says bilateral trade, currently USD 56.8 billion, is expected to double by 2030.
7	A. 4th	The booklet lists the UK as India's 4th largest export destination.

Polymer Notes: Concept and History

1	C. 1988	The booklet states that Australia was the first country to introduce a complete series of polymer banknotes in 1988.
2	B. I and III only	Polymer notes cost significantly more to produce than paper currency, so II is wrong while I and III are stated in the booklet.
3	A. Finance Secretary	The booklet says the One Rupee Note is issued by the Ministry of Finance and bears the signature of the Finance Secretary.
4	C. Biodegradable within five years	The booklet lists tear resistance, water resistance, durability and anti-counterfeiting features, but not biodegradability.
5	D. I-D, II-A, III-B, IV-C	The booklet gives the RBI Act, 1934 as the principal legal framework for banknotes and the Coinage Act, 2011 as covering coins.
6	D. 1995	The booklet lists BRBNMPL, RBI's note-printing subsidiary, as established in 1995 at Bengaluru.

Summit Outcomes Test

1	A. ₹10 Trillion	The booklet says the summit worked towards a target of ₹10 Trillion in Japanese investment in India.
2	D. 1,000	The booklet states that Japan supports India's objective of establishing 1,000 Biogas and Organic Fertiliser Plants.
3	C. 2030	The booklet links Japan's support for India's hosting of the 4th UN World Conference on Disaster Risk Reduction to 2030.
4	D. A is false but R is true	The booklet places the 2+2 dialogue at Defence and Foreign Minister level, so A is false and R is true.
5	B. I-D, II-C, III-B, IV-A	Each item is listed under the summit heading that matches its subject: economic security, energy security, AI and defence and security.
6	A. Only one	Only statement II is correct, since the biogas target is 1,000 plants and the investment target is ₹10 Trillion.
7	C. I and III only	The priority areas are semiconductors, critical minerals, ICT, pharmaceuticals and clean energy technologies, so defence manufacturing is not listed.

SDG evolution check

1	C. 2015	The booklet timeline lists 2015 for the adoption of the 2030 Agenda and 17 SDGs.
2	A. 169	The booklet states that the 17 Integrated Global Goals are supported by 169 Specific Targets.
3	C. Johannesburg World Summit	The booklet lists the 2002 Johannesburg World Summit on Sustainable Development as Rio+10.
4	D. A is false but R is true	The 2030 Agenda was adopted in 2015, not at the 1992 Earth Summit, while the Rio de Janeiro location of the conference is correct.
5	A. I-C, II-A, III-D, IV-B	Each pairing appears in the booklet timeline, such as the Johannesburg Summit of 2002 being called Rio+10.
6	C. I and III only	Statement II is wrong because the Johannesburg Summit was in 2002, while statements I and III match the booklet.
7	B. Only two	Statements I and III are correct, while Rio+20 was in 2012 and the 2030 Agenda was adopted in 2015.
8	D. 193	The booklet states that the 2030 Agenda was adopted by all 193 UN Member States in 2015.

Vikram-1 Mission Check

1	C. 3D-printed liquid-fuelled Raman Engine	The booklet says the upper stage features a 3D-printed liquid-fuelled Raman Engine for precise orbital insertion and manoeuvres.
2	A. All-carbon composite structures	The booklet states that Vikram-1 extensively uses all-carbon composite structures.
3	D. A is false but R is true	Vikram-1 placed payloads into Low Earth Orbit, so A is false, while the definition of a sub-orbital rocket in R is true.
4	B. I-B, II-D, III-A, IV-C	Vikram-S is the sub-orbital rocket (B), Agnilet the single-piece engine (C), Dhanush the private launch pad (A) and Cosmic Bloom the lab-grown diamond jewellery (D).
5	A. I and II only	Statements I and II are stated in the booklet, while the rocket is named after Dr Vikram Sarabhai, not A.P.J. Abdul Kalam.
6	A. Only two	Statements I and III are correct, while II is false because the 2023 policy opened the complete space value chain to non-government entities.
7	D. Between 160 km and 2,000 km	The booklet defines Low Earth Orbit as lying between 160 km and 2,000 km above Earth's surface.
8	D. Sir C.V. Raman, Dr Vikram Sarabhai and Dr A.P.J. Abdul Kalam	The booklet says the 18K gold rocket model contains micro-sculptures of Sir C.V. Raman, Dr Vikram Sarabhai and Dr A.P.J. Abdul Kalam.

How the hydrogen train works

1	A. 75 km/h	The booklet gives an approved operational speed of 75 km/h against a design speed of 110 km/h.
2	C. 1,200 kW	The booklet states the train is powered by a 1,200 kW Hydrogen Fuel Cell Propulsion System.
3	D. Integral Coach Factory, Chennai	The booklet lists the developer as Integral Coach Factory, Chennai.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but RDSO's development of KAVACH does not explain its automatic braking feature.
5	B. I-D, II-C, III-A, IV-B	The booklet gives 89 km for the route, 10 coaches, a 1,200 kW propulsion system and a 110 km/h design speed.
6	C. I and III only	Statement II is wrong because the booklet says hydrogen is stored as compressed gas in High-Pressure Cylinders.
7	A. Only two	Statements I and III are correct, while the approved operational speed is 75 km/h, not 110 km/h.
8	A. Bhopal	The booklet states that Habibganj, near Bhopal, will be India's first private railway station.

2026 Edition Check

1	B. I-B, II-C, III-D, IV-A	Maple represents Canada, Zayu represents Mexico, Clutch represents the United States, and 'Dai Dai' is performed by Shakira and Burna Boy.
2	C. Both A and R are true but R does not explain A	Both statements are true, but the number of Canadian host cities does not explain why Canada was hosting for the first time.
3	A. Craig Gordon	Scotland's Craig Gordon, aged 43, was the oldest player, while Mexico's Gilberto Mora, aged 17, was the youngest.
4	A. Only two	Statements I and III are correct, while Pau Cubarsi won the Young Player Award, not the Golden Glove.

5	C. I and II only	Canada had two host cities, Toronto and Vancouver, so III is wrong while the 104 matches and Mexico's three cities are correct.
6	D. South Africa	South Africa hosted the World Cup in 2010, the first African nation to do so.
7	D. Cape Verde	The Cape Verde football team is nicknamed the Blue Sharks.
8	C. Mexico City	The opening match was played at Estadio Azteca in Mexico City.

Polity, law and minorities: MCQ practice

1	A. Regulatory Council	The Regulatory Council prescribes minimum standards for establishing Higher Education Institutions, while the Standards Council frames learning outcomes.
2	C. 14	Each Council will consist of 14 members led by a President.
3	A. President	Article 350B establishes a Special Officer for linguistic minorities who reports directly to the President.
4	D. A is false but R is true	Professional disciplines such as Medicine and Law remain outside the proposed regulator's jurisdiction, so A is false while R is true.
5	B. I and III only	Statement II is incorrect because degrees may be awarded only by universities established under Central or State legislation, while I and III are supported by the text.
6	B. Only two	Statements III and IV are incorrect because Jains were notified in 2014 and the tenure is three years, so only statements I and II are correct.
7	D. 2017	The Puttaswamy judgment of 2017 recognised the Right to Privacy as a Fundamental Right under Article 21.

Monsoon Mechanism Check

1	C. October to December	The booklet lists the Northeast Monsoon as occurring from October to December.
2	A. Himalayas	The booklet states that the Himalayas block cold Central Asian winds and force monsoon winds to shed moisture over India.
3	D. El Nino	The booklet describes El Nino as a warming of Pacific Ocean waters that can weaken the Indian monsoon.
4	C. 75 per cent	The booklet states that India receives about 75% of its annual rainfall during the monsoon.
5	A. Both A and R are true and R is the correct explanation of A	The booklet says the Arabian Sea branch strikes the Western Ghats and causes heavy rainfall on the west coast.
6	C. I-D, II-C, III-B, IV-A	The booklet defines the monsoon trough, retreating monsoon, rain shadow region and orographic rainfall as in I-A, II-B, III-C, IV-D.
7	B. I and III only	Statement II is wrong because El Nino is a warming of Pacific waters that weakens the monsoon, so only I and III are correct.

Saudi Arabia's Nuclear Vision: MCQ Practice

1	D. Crude oil and natural gas	The booklet says nuclear power allows the Kingdom to reduce its heavy dependence on crude oil and natural gas for electricity generation.
2	A. Large-scale water desalination	The booklet states that the programme provides the massive energy input needed to support large-scale water desalination efforts.
3	C. Advanced technology	The booklet says a nuclear programme grants access to advanced technology and reinforces the Kingdom's status as a regional energy power.

4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the fact that strategic technology development is a driver does not explain why nuclear power supplies cooling systems.
5	D. I-D, II-C, III-A, IV-B	Energy diversification matches reduced oil and gas dependence, desalination matches the energy input, cooling matches steady supply and technology development matches advanced technology.
6	C. I and II only	Statements I and II match the booklet, while III is wrong because the new deal allows flexibility rather than reinstating the ban.
7	B. Only two	Statement I is reversed because nuclear power is meant to reduce crude oil dependence, so only II and III are correct.

India's Atomic Energy Journey: MCQ Practice

1	A. Tarapur Atomic Power Station	The booklet identifies Tarapur Atomic Power Station as India's first commercial nuclear plant, commissioned under Atoms for Peace.
2	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but India's Non-NPT status does not explain the content of its doctrine.
3	D. I-C, II-A, III-D, IV-B	The Atomic Energy Commission was headed by Bhabha, Dhruva was commissioned at BARC, Pokhran-II was Operation Shakti and the doctrine rests on No First Use and Credible Minimum Deterrence.
4	A. I and II only	Statements I and II match the booklet, while III is wrong because the first peaceful nuclear explosion was Pokhran-I in 1974.
5	D. Smiling Buddha	The booklet calls the 1974 Pokhran-I test the Smiling Buddha test.
6	C. Prime Minister's Office	The booklet says the Department of Atomic Energy was created under the Prime Minister's Office in 1954.

Prambanan Temple and Shared Heritage: MCQ

1	B. Only two	Statements I and II match the booklet, while III gives 1911 instead of 1811.
2	A. Shiva, Vishnu and Brahma	The booklet says the complex is dedicated to the Hindu Trinity of Shiva, Vishnu and Brahma.
3	C. I-C, II-D, III-A, IV-B	Roro Jonggrang is the local name, Colin Mackenzie the surveyor, Singhasari the campus site and the Sanjaya Dynasty the builder.
4	D. Angkor Wat in Cambodia	The booklet places Prambanan second in Southeast Asia after Angkor Wat in Cambodia.
5	C. 2026-27	The booklet declares 2026-27 as the Tagore-Dewantara Year.
6	D. I and III only	Statement II is wrong because the complex is in Yogyakarta, while statements I and III match the booklet.

The Three Bills: Who Tabled and What They Cover

1	D. Bill 2	The booklet numbers the Government of Union Territories (Amendment) Bill, 2025 as the second Bill.
2	A. Home Minister	The booklet says the three Bills were tabled by the Home Minister.
3	C. I and III only	The Constitution Amendment Bill is the first Bill, so statement II is wrong while I and III are correct.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the tabling of three Bills does not explain the year of introduction.
5	C. I-C, II-A, III-D, IV-B	Article 75 covers Union Ministers, Article 164 covers State Ministers and Chief Ministers, and Article 239AA covers Delhi.
6	C. Joint Parliamentary Committee (JPC)	The booklet says the Joint Parliamentary Committee is examining the Bill.

7	A. Only two	Statements I and II are correct, while the Prime Minister did not table the Bills according to the booklet.
---	-------------	---

Governance Gains and Critics' Concerns

1	C. ED and CBI	The booklet names the ED and CBI as agencies that could be misused to arrest leaders on weak charges.
2	A. Conviction	The booklet says the RPA disqualifies legislators only post-conviction.
3	C. Governance from jail	The booklet says the Bill eliminates the 'governance from jail' anomaly.
4	D. I-D, II-C, III-A, IV-B	Each case or report is matched to the holding or recommendation the booklet attributes to it.
5	B. I and III only	Statement II is wrong because critics say the Bill contravenes the presumption of innocence.
6	D. Only two	Statements I and II are correct, while the booklet says removal depends on detention rather than conviction.

How a Constitution Amendment Bill Passes

1	A. Both Lok Sabha and Rajya Sabha	The booklet states that the Bill must be passed by both Lok Sabha and Rajya Sabha.
2	C. The Presiding Officer of the house can cast his or her vote	The booklet says the Presiding Officer of a house can cast the deciding vote in a tie.
3	D. President	The booklet says the passed Bill is presented to the President.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but listing Articles 102 and 191 does not explain why the Anti-Defection Law is listed.
5	C. I and III only	The President is bound to give consent, so statement II is wrong while I and III are correct.
6	C. Only two	Statements I and III are correct, while the passed Bill is presented to the President rather than the Speaker.
7	D. Act	The booklet says that after assent the Bill becomes an Act.

Ladakh Profile, Demands and the 2025 Regulation

1	C. President of India	The booklet states that the President of India approved the regulation.
2	A. Government employment and educational admissions	The booklet says the regulation affects reservations in government employment and educational admissions.
3	D. Legislative Assembly	The booklet lists a Legislative Assembly as a demand for representative governance.
4	A. Both A and R are true, and R is the correct explanation of A	Both statements are true, and the booklet links the 6th Schedule demand to constitutional protection.
5	B. I and III only	Statement II is wrong because the booklet says Aksai Chin remains under Chinese control.
6	A. Only one	Only statement I is correct, since the President approved the regulation and it took effect on 3 June 2025.

Investment, Support and Charging: MCQ

1	B. Battery electric vehicles only, not hybrid vehicles	The booklet states that government support is restricted exclusively to battery electric vehicles and not to hybrid vehicles.
2	C. Over 30,000	The booklet says the policy plans installation of over 30,000 public charging stations across Delhi.

3	A. Strengthening charging and battery-swapping infrastructure	Strengthening charging and battery-swapping infrastructure is one of the key objectives listed in the booklet.
4	D. A is false but R is true	Support is restricted to battery electric vehicles, so the assertion is false while the reason is true.
5	D. Encouraging sustainable public and commercial transport	The booklet lists encouraging sustainable public and commercial transport as a key objective.
6	C. I and II only	Statements I and II match the booklet, while statement III contradicts the rule that support is limited to battery electric vehicles.

India's Solar Position and Records

1	C. 150.26 GW	The booklet gives India's installed solar capacity as 150.26 GW in 2025, while 37 GW was the capacity added in that year.
2	A. 600 MW	Omkareshwar in Madhya Pradesh is rated at 600 MW, while 2245 MW belongs to Bhadla Solar Park.
3	C. Gujarat	The booklet places Modhera, India's first 24x7 solar-powered village, in Gujarat.
4	C. I-D, II-A, III-B, IV-C	Bhadla Solar Park is in Jodhpur, Omkareshwar in Khandwa, Rajarhat in Kolkata and Naukh in Jaisalmer.
5	D. I and II only	Statements I and II match the booklet, whereas Bhadla Solar Park is rated at 2245 MW, not 600 MW.
6	B. Only two	Statements I and II are in the booklet, while Dharnai in Bihar, not Modhera, is India's first solar village.

Climate Commitments and Global Initiatives

1	A. 2070	The booklet states that India aims to achieve net zero by the year 2070.
2	C. COP27	The booklet says the Global Solar Facility was launched at COP27 in 2022.
3	A. 500 GW	The booklet sets the non-fossil energy capacity target at 500 GW by 2030.
4	D. A is false but R is true	The Global Solar Facility was launched at COP27, so A is false, while its provision of payment guarantees is correctly stated in R.
5	B. I-C, II-D, III-B, IV-A	The Global Solar Facility gives payment guarantees, STAR-C trains engineers, One Sun One World One Grid advocates trans-national connectivity, and Panchamrita is India's climate commitments at COP26.
6	D. I and II only	Statements I and II match the booklet, whereas the Panchamrita net zero target is 2070, not 2050.
7	B. Only two	Statements I and II are in the booklet, while STAR-C trains engineers, entrepreneurs and policymakers, not only engineers.

Beneficiary Categories under NFSA 2013

1	D. To ensure food and nutritional security through subsidised foodgrains	The booklet states the Act was enacted to ensure food and nutritional security.
2	A. Two-thirds	The booklet says the NFSA made foodgrain access a legal right for two-thirds of the population.
3	C. Targeted Public Distribution System	The booklet says the NFSA provides subsidised foodgrains through the Targeted Public Distribution System.

4	B. Both A and R are true but R is not the correct explanation of A	AAY is meant for the poorest of the poor, and the two-category structure is true but does not explain it.
5	C. I-B, II-C, III-D, IV-A	PHH covers other eligible households, AAY is for the poorest of the poor, TPDS is the delivery channel, and the NFSA is enacted for food and nutritional security.
6	A. I and II only	Statement III is wrong because the booklet describes NFSA foodgrains as subsidised, not free.
7	B. Only two	Statement II is wrong because the booklet says two-thirds, while statements I and III are correct.

PDS History and PMGKAY

1	C. The British administration	The booklet says the PDS was introduced by the British during World War II.
2	C. 1942-43 Bengal famine	The booklet links the introduction of the PDS to the 1942-43 Bengal famine.
3	D. AAY and PHH beneficiaries	PMGKAY added free foodgrains for NFSA beneficiaries, namely AAY and PHH.
4	D. A is false but R is true	The booklet says the PDS was introduced during World War II, so A is false while R is true.
5	A. I and III only	Statement II is wrong because the booklet says the PDS was initially focused on urban food security.
6	B. Only two	Statement I is wrong because the PDS is administered by the Ministry of Consumer Affairs, Food and Public Distribution, while II and III are correct.

CETA Scope and Entry into Force: Context

1	D. By excluding Data Exclusivity provisions from the FTA	The booklet says India excluded Data Exclusivity from the FTA to safeguard its generic pharma sector.
2	D. It protects domestic industry while allowing phased market access	The booklet says the tariff rate quota approach protects domestic industry while allowing phased market access.
3	A. Both A and R are true and R is the correct explanation of A	The 85% figure for tariff-free lines within 10 years is the stated basis for the claim that most lines become tariff-free.
4	C. I-D, II-C, III-B, IV-A	Each item matches its own concession: vehicles to tariff rate quotas, auto tariff to 10%, whisky and gin to 75% initially, and visas to 100 per year.
5	B. I and III only	The booklet lists digital trade, investment, labour, environment and SMEs as covered, while the CETA goes beyond tariff reduction, so statement II is wrong.
6	D. Only two	Government procurement and regulatory cooperation are covered, but investment is also covered, so only statements I and II are correct.
7	A. Regulatory transparency	The booklet says the CETA goes beyond conventional tariff reduction by addressing market access, regulatory transparency and economic partnership.

Double Contribution Convention: Context

1	C. 15 July 2026	The booklet says the Convention came into force on 15 July 2026, along with CETA.
---	-----------------	---

2	A. To ensure professionals avoid paying social security contributions in both India and the UK	The booklet says the Convention ensures professionals avoid paying social security contributions in both India and the UK.
3	B. 5 years	The booklet says eligible persons are exempt from UK National Insurance contributions for up to 5 years.
4	A. Both A and R are true and R is the correct explanation of A	The reason states that the exemption covers eligible employers, which is the basis of the assertion.
5	D. I-C, II-D, III-A, IV-B	The booklet links professionals and employers to the exemption, UK National Insurance to the contributions, up to 5 years to the period, and continuation in India to the condition.
6	B. I only	Only statement I matches the booklet, since the exemption requires contributions to continue in India and covers employers as well as professionals.
7	B. Only two	Statements I and III match the booklet, while statement II is wrong because the exemption runs for up to 5 years.

Advantages of Polymer Notes (MCQ)

1	B. Tearing	The booklet lists polymer banknotes as more resistant to tearing.
2	A. Sophisticated security features	The booklet says polymer substrates allow sophisticated security features that are much harder to replicate compared to paper.
3	C. Fewer new notes need to be manufactured and issued	The booklet says fewer new notes need to be manufactured and issued to maintain a steady supply.
4	D. Both A and R are true and R is the correct explanation of A	The booklet links the longer usable life of polymer notes to less frequent replacement cycles, so R explains A.
5	B. I-C, II-D, III-B, IV-A	Sophisticated features match C, longer life matches B, humidity matches A, and being pulled apart matches D.
6	A. I and III only	Statement II is wrong because polymer notes are made from a plastic substrate instead of cotton-based paper.
7	C. Only two	Statements 1 and 3 are correct, while statement 2 is wrong because polymer notes replace cotton-based paper.

Green Hydrogen Mission: MCQ

1	B. It is not commercially viable at present	The booklet states that green hydrogen is not commercially viable at present.
2	D. II and III only	Green hydrogen is not commercially viable at present, while the nodal ministry and the rupee-denominated savings are both as stated.
3	C. Renewable energy	The booklet says green hydrogen is made using an electrolyser powered by renewable energy.
4	C. Rs 1 lakh crore	The booklet gives the expected 2030 fossil fuel import savings as Rs 1 lakh crore.
5	A. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the research aim does not explain why the partnership is structured as a public-private one.
6	A. Only two	SHIP is the public-private R&D partnership and the nodal ministry statement is correct, while SIGHT is a transition programme rather than a partnership.
7	B. I-C, II-A, III-D, IV-B	SIGHT is the transition programme, SHIP the innovation partnership, MNRE the nodal ministry and Rs 1 lakh crore the 2030 savings.

SDR 2026 Findings and India's Position

1	C. UN Sustainable Development Solutions Network	The booklet names the UN Sustainable Development Solutions Network as the body that released the 2026 report.
2	A. 68.3	India's overall SDG Index score in the 2026 report is 68.3 out of 100.
3	B. 33.3%	About 33.3% of India's SDG targets are expected to be achieved by 2030.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the setback figure does not explain why Zero Hunger is India's critical challenge.
5	D. I-D, II-C, III-A, IV-B	The matches are 68.3 for the overall score, 33.3% for 2030 targets, 15% for setbacks and 16.5% for targets progressing as planned.
6	A. Only one	Only statement I is correct, since the UN SDSN released the report and Barbados was the highest-ranked country on that parameter.

Climate Finance: Sources and Funds

1	B. 1994	The Global Environment Facility became the operating entity of the financial mechanism in 1994.
2	C. Adaptation Fund	The Adaptation Fund gives developing countries full ownership of adaptation projects.
3	A. Polluter Pays	Polluter Pays is listed alongside Common but Differentiated Responsibility and Respective Capability as a principle of climate finance.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the founding year of the Green Climate Fund does not explain why the UNFCCC coordinates the funds.
5	D. I-B, II-A, III-D, IV-C	The Global Environment Facility is the operating entity (B), the CDM funds emission cuts (C), the GCF houses the LDCF and SCCF (D), and the Loss and Damage Fund gives assistance (A).
6	C. I and III only	Statements I and III match the booklet, while the Adaptation Fund is coordinated by the UNFCCC, not the Clean Development Mechanism.
7	B. Only two	Only statements I and III are correct, since the Green Climate Fund was established in 2010, not 2015.

Panchayat Advancement Index 2.0

1	C. Performer (B)	A composite score of 60 to 74 earns the Performer (B) grade.
2	B. 9	The index translates the 17 SDGs into 9 localised Sustainable Development Goals.
3	A. Ministry of Panchayati Raj	The Ministry of Panchayati Raj localises the SDGs through the index and its thematic indicator framework.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the 0 to 100 scoring range does not explain why the index uses verifiable indicators.
5	D. I-C, II-D, III-B, IV-A	Achiever is above 90 (C), Front Runner is 75 to 89 (D), Performer is 60 to 74 (B), and Beginner is below 40 (A).
6	C. I and II only	Statements I and II match the booklet, while the 17 SDGs are translated into 9 localised SDGs, not 17.
7	B. Only two	Only statements I and II are correct, since the index is the Panchayat Advancement Index 2.0, not 3.0.

Engines, Stages and Materials

1	A. SubOrbital Technology Demonstrator	The booklet states that SOrTeD stands for SubOrbital Technology Demonstrator.
---	---------------------------------------	---

2	C. Agnikul Cosmos	The booklet lists Agnikul Cosmos as the developer of Agnibaan SOrTeD.
3	C. Four	The booklet describes Vikram-1 as a 4-stage orbital launch vehicle.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements appear in the booklet, but the name Kalam Engines does not explain the propellant type.
5	D. I-C, II-D, III-A, IV-B	Agnilet matches D, Agnibaan SOrTeD matches B, Kalam Engines matches C, and Dhanush matches A.
6	B. I and III only	Statement II is wrong because Agnikul Cosmos developed Agnibaan SOrTeD, while I and III match the booklet.
7	A. Only one	Only statement III is correct, since Vikram-1 has four stages and the Kalam Engines use advanced solid propellants.

Payloads on Vikram-1

1	B. Both A and R are true but R is not the correct explanation of A	Both statements are in the booklet, but the arm staying attached to the deck does not explain its link to servicing.
2	C. Only two	Statements I and II are correct, while III is wrong because the booklet describes the model as 18K gold.
3	A. I-C, II-A, III-D, IV-B	SCOPE matches B, Embrace matches D, SOLARAS matches C, and Cosmic Bloom matches A.
4	D. Lab-grown diamond jewellery sent into space	The booklet describes Cosmic Bloom as India's first lab-grown diamond jewellery sent into space.
5	B. Skyroot Aerospace	The booklet states that SCOPE was developed by Skyroot Aerospace and validates onboard systems during flight.
6	A. I and III only	Statement II is wrong because Cosmoserve Space created the Embrace arm, while I and III match the booklet.
7	C. Ajay Kumar Mattewada	The booklet credits the gold rocket model to Telangana-based artist Ajay Kumar Mattewada.

Hydrogen Train: Specifications

1	B. Haryana	The booklet places the Jind-Sonipat route in Haryana.
2	A. 1	The booklet lists the atomic number of Hydrogen as 1.
3	B. Both A and R are true but R is not the correct explanation of A	Both statements are in the booklet, but being the lightest element does not explain why hydrogen is the most abundant.
4	D. I-B, II-A, III-D, IV-C	Fuel cells generate electricity, batteries store surplus electricity, the storage system holds compressed hydrogen and the traction motors convert electrical into mechanical energy.
5	C. I and III only	Statements I and III match the booklet, while Statement II gives the fuel cells' function to the batteries.
6	D. 75%	The booklet states that Hydrogen constitutes nearly 75% of the Universe's normal matter.
7	A. Only one	Only Statement I is correct, since the motors do not store electricity and Hydrogen is the lightest element.

Railway and S&T Developments

1	A. To increase speed of transportation	The booklet states that Mission Raftaar aims to increase the speed of transportation.
2	B. National Capital Regional Transport Corporation	The booklet says Namu Bharat/RapidX is operated by the National Capital Regional Transport Corporation.
3	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the year of establishment does not explain why the corporation is the financial arm.

4	C. I-D, II-A, III-B, IV-C	KAVACH is the Automatic Train Protection System, Namo Bharat/RapidX is India's first Rapid Rail, and the Kolkata Metro Extension is the underwater metro line.
5	B. I and II only	Statements I and II match the booklet, while Statement III reverses the aim of Mission Raftaar.
6	D. 1998	The booklet states that the Konkan Railway was constructed in 1998.
7	C. Only two	Statements I and III match the booklet, while Statement II gives 1990 instead of 1986.

Trophies, FIFA and Title Winners: MCQ

1	B. Silvio Gazzaniga	The booklet names Italian sculptor Silvio Gazzaniga as the designer of the current trophy.
2	C. Pickles	The original trophy was found in a rubbish heap by a dog called Pickles.
3	A. Both A and R are true and R is the correct explanation of A	Brazil was allowed to keep the trophy because it won it outright in 1970.
4	D. I-C, II-D, III-A, IV-B	Barassi hid the original trophy, West Germany lifted the current one first, Brazil won it outright in 1970, and Trump was the inaugural Peace Prize recipient.
5	C. I and III only	The design was chosen from 53 proposals and the trophy is 18-carat gold, but West Germany, not Brazil, lifted it first.
6	A. Only one	Only statement I is correct, since the Peace Prize dates from 2025 and the Jules Rimet Trophy was made by a French sculptor.
7	D. Brazil and Italy	Italy and Brazil are the only two countries to have retained the trophy.

Records and Firsts: MCQ

1	C. Kansas City	That match was played in Kansas City, Missouri.
2	B. Andrés Iniesta	Andrés Iniesta scored the winning goal in Spain's 1-0 extra-time win over the Netherlands.
3	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the second does not explain the first.
4	D. I-D, II-C, III-A, IV-B	Messi played at six World Cups, Ronaldo scored in six consecutive editions, Ochoa made a sixth straight squad, and Italy failed to qualify.
5	A. I and II only	Spain's first title came in 2010, not 1998.
6	A. Only one	Only statement I is correct; Spain's first title came in 2010 and Ronaldo's run covered six consecutive editions.
7	C. 1950	India's only qualification came in 1950, but the team withdrew before the tournament in Brazil.

India-Australia Summit and Seychelles Visit

1	B. Australian uranium	The administrative arrangement enables regular supply of Australian uranium for India's civilian nuclear programme.
2	D. AUD 500 million	AustralianSuper announced an additional AUD 500 million investment in India's National Investment and Infrastructure Fund.
3	C. Flinders University	Australia approved the Flinders University campus in Bengaluru, while Victoria University's approved campus is in Gurugram.
4	C. I and III only	Statements I and III are correct, while the India-Australia trade agreement dates from 2022, not 2014.

5	B. Only two	Statements I and II are correct, while PACTS is a partnership between India and Australia.
6	D. I-B, II-C, III-D, IV-A	NPCI International Payments Limited facilitates UPI, HLL Lifecare enables affordable medicines, the foreign service institute has institutional cooperation, and the extradition treaty strengthens legal cooperation.

Cyber Bodies and Kudankulam Leak

1	B. III only	Only statement III is correct, since the forensic laboratory is in Hyderabad and India is not a Budapest Convention signatory.
2	C. I-D, II-A, III-B, IV-C	CERT-In was established in 2004, the protection centre in 2014, I4C in 2018, and the forensic laboratory is in Hyderabad.
3	B. 2004	The Council of Europe convention was adopted in 2001 but became effective in 2004.
4	C. World Leaks	World Leaks, a ransomware group, claimed the alleged leak, while Yotta Data Services hosted the data.
5	C. Only two	Statements I and II are correct, while the convention was adopted by the UN General Assembly, not the Security Council.
6	A. Ministry of Home Affairs	I4C was established in 2018 under the Ministry of Home Affairs.
7	D. A is false but R is true	The convention enters into force 90 days after 40 States ratify it, so A is false while R is true.

Revolution, Games and Awards Check

1	B. Stamp Act	The Stamp Act of 1765 required colonists to pay a fee on every piece of printed paper.
2	D. Thomas Jefferson	Thomas Jefferson drafted the Declaration of Independence, which formally announced separation from Great Britain.
3	C. Fourth	Scotland hosts the Games for the fourth time, after Edinburgh in 1970 and 1986 and Glasgow in 2014.
4	A. Both A and R are true and R is the correct explanation of A	Formal recognition of the United States as sovereign under the treaty is the step that ended the war, so R explains A.
5	B. I and III only	Statements I and III are correct, since the Jnanpith Award was instituted by Bharatiya Jnanpith, not the Government.
6	B. Only two	Statements I and III are correct, while India has not fielded teams in 3x3 Basketball or Netball.
7	D. I-C, II-D, III-A, IV-B	Saratoga secured the French alliance, Lexington and Concord began the war, Yorktown trapped Cornwallis, and the Tea Party dumped 342 chests of tea.

Women's T20 World Cup 2026 - MCQ

1	B. England and Wales Cricket Board	The booklet says the tournament was hosted by the England and Wales Cricket Board across 7 venues.
2	C. 6	The 12 teams played in 2 groups of 6 in a round-robin format.
3	A. India	The booklet lists Shree Charani as an Indian player and the leading wicket-taker with 14 wickets.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the two-year cycle does not explain why only the top two from each group advanced.
5	D. I-D, II-C, III-A, IV-B	Mooney was Player of the Final and Tournament, Lord's hosted the final, Australia won it, and Charani set the Indian record.
6	B. Only two	The first two statements match the booklet, while the 20-wicket claim is wrong because the leading total was 14.

Sports and Youth Milestones - MCQ

1	B. Telangana	The Ministry of Youth Affairs and Sports announced that Telangana will host the 8th edition in November 2026.
2	C. 1996	The booklet states Paes won bronze in men's singles at the 1996 Atlanta Olympics.
3	A. Manchester	He made his debut against England at Old Trafford, Manchester.
4	D. I-D, II-C, III-B, IV-A	Paes is the Asian Tennis Federation ambassador, Sooryavanshi is the youngest debutant, Bihar hosted the 7th edition, and Maharashtra was champion.
5	D. I and III only	Statements I and III match the booklet, while II is wrong because the debut was against England.
6	B. Only two	The first and third statements match the booklet, while Bihar, not Maharashtra, hosted the 7th edition.

Policy, Heritage and Observances - MCQ

1	A. Bureau of Energy Efficiency	The booklet says CAFE norms were introduced by the Bureau of Energy Efficiency in 2017.
2	B. Corporate Average Fuel Efficiency	The booklet states that CAFE stands for Corporate Average Fuel Efficiency.
3	D. I and III only	Statements I and III match the booklet, while II is wrong because Sushruta was a disciple of Dhanvantari.
4	B. Both A and R are true but R is not the correct explanation of A	Both statements are true, but the statue unveiling has no bearing on the vehicle standards.
5	A. I-B, II-A, III-D, IV-C	Sushruta Samhita was authored by Sushruta, and the other three items match their dates and honours as stated in the booklet.
6	B. Only two	The first two statements match the booklet, while CAFE norms were introduced in 2017, not 2019.
7	C. 3,500 kg	The norms apply to passenger vehicles weighing up to 3,500 kg.

Type-in-the-answer passages

Nuclear treaties and tests: TITA check

1	1963	The booklet dates the Partial Test Ban Treaty to 1963.
2	1968	The booklet dates the Nuclear Non-Proliferation Treaty to 1968.
3	1996	The booklet dates the CTBT to 1996 and notes it has not yet entered into force.
